

INDEX

<u>S. NO.</u>	<u>EXPERIMENT</u>	<u>DATE OF EXP.</u>	<u>SIGNATURE</u>
1.	Study and Implement the Naïve Bayes Learner using WEKA (Breast Cancer Dataset)	03/05/2021	
2.	Study and Implement the Decision Tree Learner using WEKA (Breast Cancer Dataset)	10/05/2021	
3.	Estimate the Accuracy of Decision Classifier on Breast Cancer Dataset using 5-fold Cross Validation	17/05/2021	
4.	Estimate the Precision, Recall, Accuracy and F-Measure of the Decision Tree Classifier on the Text Classification task for each of the 10 categories using 10-fold Cross Validation	24/05/2021	
5.	Develop a Machine Learning Method to Classify your Incoming Mails	31/05/2021	
6.	Develop a Machine Learning Method to Predict Stock Prices based on past Price Variations	01/06/2021	
7.	Develop a Machine Learning Method to Predict how People would Rate Movies, Books, etc.	07/06/2021	
8.	Develop a Machine Learning Method to Cluster Gene Expression Data	09/06/2021
